

OLC Class of 2010 Through the Years Slide Show/DVD

It's time to go through your shoeboxes, computers and memory cards! I am now collecting photo images of our eighth graders for the slide show. Please include photos of your son/daughter from all the different years at OLC. We are looking for an assortment of pictures. Some of the highlights in the slide show are individual shots, First Day of school, Friends/group shots, Halloween, Sports, Communion, Christmas Fair, Kindergarten and Field Trips. Your child can be alone or with friends. Once I receive all the photos I will sort through them and make sure all students are in the presentation. I will decide which ones to use. I would prefer to have CDs of photos but we all didn't have digital cameras when are kids started school. You can scan original photos and then put the digital images on a CD. If you need help in doing this just call me and I can help you get this done. I did this last year and it takes quite a bit of time. So getting the photos quickly will help me in getting this project done. Please include your name, child's name and phone number on the CD envelope. You can send the disc to OLC in care of Johnny 8B. I can't believe that they are in eighth grade! Time went by so fast!

Thank you, Nancy Hilbert

Save the Date: Graduation
Friday June 4th, 2010
